Pupil Premium Policy 2014-15

Pupil Premium

The financial allocation for pupil premium (children in receipt of free school meals) is £19,060. The governors need to be aware that children previously entitled to free school meals and no longer entitled still have funding. The rationale is outlined below and on the web-site.

The rationale for pupil premium finance is as follows:

- to ensure that no child is disadvantaged due to financial circumstances, ie cost of trips, including residential trips
- that they would benefit from extra learning
- and /or emotional support
- providing additional support for low attainment and / or progress through withdrawal of groups/individuals from class
- providing external professional services such as, education welfare, counselling, behavioural support as needed.
- One to one tuition and / or small group tuition after school.

Armed Forces Budget / Service Families

The financial allocation is £900.

Three children are in receipt of government support through armed forces grants. This money is used to provide small group tuition and external professional services as appropriate.

All the above funds are directly related to individual children. A financial statement is available, which is audited by one named governor due to the sensitive nature of this information.
