

Meeting Minutes

Time and date of the meeting:

Monday 29th November 2021

Eco-Committee members present:

All members present

Year 6

Year 5

Year 4

Year 3

Eco-Committee members not present:

Year 2

Year 1

Reception

What was discussed?

Discussed plans for this academic year.

Went through the Environmental Review and what needs to be done and how to fill it in. Team will complete this collectively as a team and then follow up next week when those missing from today's meeting will be informed.

Discussed selection boxes and the amount of plastic in these but very little chocolate. Do the children want to make a quick informative video to encourage parents not to buy these at Christmas.

Talked about Prince William and David Attenborough's Earth Shot Prize and that they need to think about what they want to work on this year.

Talked about two books; A World Full of Plastic and Michael Recycle. Children took A World Full of Plastic to share with the class.

Next steps:

Complete the Environmental Review and discuss points where we have scored low points.

Look at the selection box.

Discuss points of improvement for this academic year – what do we want to work on?

When and where is the next meeting?

Thursday 9th December 2021
