

# Using Medicine Safely

Chat with a grown up about each of the pictures and stories below then write under each one saying what you think the answer is.

<p>Being Safe with Medicine</p> <p>You find some tablets on the kitchen table at home.</p> <p>What should you do?</p> 	<p>Being Safe with Medicine</p> <p>You have a headache while at a friend's house. Your friend's mum offers you some medicine.</p> <p>What should you do?</p> 	<p>Being Safe with Medicine</p> <p>You see some children playing with different coloured tablets in the playground at school.</p> <p>What should you do?</p> 
<p>Being Safe with Medicine</p> <p>You tell your friend you have a sore throat. She offers you some medicine the doctor gave her, when she had a sore throat last year.</p> <p>What should you do?</p> 	<p>Being Safe with Medicine</p> <p>You see your little brother playing with the cough syrup bottle.</p> <p>What should you do?</p> 	<p>Being Safe with Medicine</p> <p>You have a headache while at a friend's house. Your friend's mum offers you some medicine.</p> <p>What should you do?</p>
