

Think Bubble song

Never talk to someone you don't know
Never walk where you didn't want to go
Don't accept a lift or any kind of gift
Remember your Think Bubble
And stay out of trouble.

*Think Bubble, Think Bubble, showing the way
When you're in trouble, you'll know what to say
Remember you're special, remember this song
Say No! No! No! and you'll never go wrong.*

If no one comes to meet you after school
Tell your teacher, that's the golden rule
If you're on your own, you really must
Tell a person you can trust.

*Think Bubble, Think Bubble, showing the way
When you're in trouble, you'll know what to say
Remember you're special, remember this song
Say No! No! No! and you'll never go wrong.*

No one has the right to anything that's yours
If someone takes your things, they're breaking lots of laws.
Your body's not to share, look after it with care
Remember your Think Bubble
And stay out of trouble.

*Think Bubble, Think Bubble, showing the way
When you're in trouble, you'll know what to say
Remember you're special, remember this song
Say No! No! No! and you'll never go wrong.*
