

Class Reception Homework – Due back Monday 23rd September 2024

This term we have been finding out about ourselves. Now we are going to be thinking about our family.

The EYFS framework says

Past and Present Children at the expected level of development will: - Talk about the lives of the people around them and their roles in society; - Know some similarities and differences between things in the past and now, drawing on their experiences.

I would like the children to be able to talk about the people who are in their immediate family and then think about grandparents. The children need to be able to understand that they are the youngest people, their parents are older and were born a long time ago and their grandparents are much older and were born a very long time ago. This helps the children to understand the passing of time.

Please use the resources we will send and any other craft materials you have at home to make your family tree in any way you feel is appropriate. Your child can draw pictures or add photos, it's up to you. Please keep this to A4 size so it can go in your child's Star Book.

All families are different, and I understand that this can be a sensitive subject. If anyone is worried about this activity, please don't hesitate to drop me a message on Class Dojo.

Many thanks Mrs Bruce
